MASTERING THE CAMERA

3 hour class \$45.00

what you will learn:

1. How a camera works.
2. Discover the important features of your camera and how they can help you take better pictures.
3. We'll make a cheat sheet for quick reference.
4. You will be introduced to scene modes, aperture (depth of field), ISO and shutter speeds.

I have created all my classes in an easy, non-technical and practical way.

Be more confident about taking your camera off AUTO and explore simple ways to get creative.
