Curtiss' Milkweed

Mesic Hammock

White-Tailed Deer

Fox Lake Sanctuary (FLS) was acquired in 2007 through the Brevard County Environmentally Endangered Lands Program Referendum. The Sanctuary is located west of Fox Lake Park in Titusville. FLS (4400 Fox Lake Rd., Titusville, FL) is home to a variety of habitats including: wet prairie, mesic flatwoods and oak-saw palmetto scrub. The trailhead is located near the Fox Lake Park boat ramp. Visitors can enjoy seven miles of trails for hiking, mountain biking and horseback riding. A paddling trail is also available through the waters of Fox Lake and South Lake.
