## A Message from Your President

**Happy soon-to-be Thanksgiving!!** It is hard to believe that **TURKEY DAY** is almost here! Where have the last six months gone, you may wonder. To recap what's been happening at the building, here goes:

- The **TAL** facility has been **TOTALLY cleaned** (well, nearly – have the small storage room to go!) and **painted** (only need outside back to complete!)
- The **KITCHEN** has been enlarged and new laminate on counters;
- The **bookcases** have become individual galleries **WITH LIGHTS**;
- The **west wall** in the EAST room has a new **gallery hanging system**; and
- A **STORAGE SHED** has been installed at the rear of the **TAL** building!

Again, thanks to all who helped with the aforementioned work! We're hearing nothing but **GOOD** things about the changes!

Also, since our last meeting, we held a successful **FALL MEMBERSHIP SHOW** at our facility on Friday, 11/7 and Saturday 11/8. At the Friday night reception, we had 27 attendees and on Saturday, we had 32 visitors! Special thanks to those who sat for the show: **Janet Watson, Linda Cavagna, Lee Kasten, Carol Kaufman, Rita Burton, Lynn Foster, and Rita Hallock**. *It was a success!*

Mentioning success, the **TAL** does it again! Another artist, **Jason Altizer**, sold a painting through the **Titusville Playhouse**! YEAH! We are two for two – two show hangings and two paintings sold! By the way, if you would like to hang up to two pictures in the next switch out at the Playhouse, please contact Jacqui Beberman to let her know. **Take out and take in will probably be Tuesday, 11/25 at 1:00**, prior to a new show opening on 11/28.

And ----- the **TAL** received another **grant** from the county in the amount of **\$1,486**! That's nearly 500 more than last year! We're moving on up!!

Finally, there are some changes in scheduling and offering of classes. Please see the updated schedule in this newsletter.

That's about it; hope to see you at the **GENERAL MEMBERSHIP MEETING** on Wednesday, 11/19!

Take care.  
L~

**SAVE THE DATE!**

**JANUARY 15, 2015- Thursday**  
**FIELD TRIP to the MORSE MUSEUM**  
 9:30 a.m. leave **TAL**; return late afternoon

### **The Morse Museum, Winter Park**

The Morse Museum houses the world's most comprehensive collection of works by Louis Comfort Tiffany (1848–1933), including the artist and designer's jewelry, pottery, paintings, art glass, leaded-glass lamps and windows; his chapel interior from the 1893 World's Columbian Exposition in Chicago; and art and architectural objects from his Long Island country estate, Laurelton Hall. The Museum's holdings also include American art pottery, late 19th- and early 20th-century American painting, graphics, decorative art.

On Display:

#### **Lifelines—Forms and Themes of Art Nouveau from the Morse Collection**

Art Nouveau was an art phenomenon that found enthusiastic support virtually everywhere in Europe and, to a lesser extent, in America from roughly 1895 to 1915. It touched art and architecture, as well as ceramics, furniture, and the other decorative arts. In French, Art Nouveau literally means "new art," and at the turn of the 20th century, this new art looked different, felt different, and reflected different values and ideas. Today it still feels new. Art Nouveau artists sought to fundamentally change the look of the objects we use in our lives. In their work, line frequently seems driven by its own internal life force—swirling and whipping, swerving and curving, creeping along one minute then racing forward the next. In this exhibition of objects from its collection, the Morse explores the hyper-organic line of Art Nouveau as it communicates the style's major themes of nature, femininity, and metamorphosis. The works, a number never before exhibited, are certain to both enlighten and delight.

**TAL, P O Box 0613, Titusville, Fla. 32796**

Another big thank you goes to **Bob Bielling** for his tireless work at TAL. Just to name a few of his projects this month, he was spotted on a ladder, changing light bulbs on the front walkway (in the dark). Along with his helpers **Jason Altizer, Bill Mitchell and others** he was able to empty the storage unit at Uncle Bob's and get its contents delivered to the new storage unit at TAL. Bob has fixed the leaking roof at the pottery building and installed trim pieces to finish off the bookcase gallery beautifully!

(See photo above) Thanks Bob, for all that you do.

## Raku Workshop October 2014

**Candi Thorpe** held a **Raku Workshop** in October –among the participants were 8th grade students of Temple Christian School. Everyone enjoyed this exciting and educational experience. **(Great Job Candi!)**

Raku is a process in which work is removed from the kiln at bright red heat and subjected to post-firing reduction (or smoking) by being placed in containers of combustible materials, which blackens raw clay and causes crazing in the glaze surface. This Western raku firing process has a huge draw for many potters because of its excitement and unpredictability. For instruction in **Raku** and other pottery techniques **contact Candy at 383-7774**
