

The Hidden Potentials Difference

Hidden Potentials management believes that a team approach will ensure the highest level of success possible for each individual.

We work closely with parents, school personnel, therapists and caregivers to achieve this goal.

Founded because of the need of one child, Hidden Potentials now meets the needs of hundreds of families in Brevard County.

A Fighting Chance*

Specialized Services for Your Family

The founders of Hidden Potentials truly believe that everyone deserves a fighting chance! As the parent of a special needs child, Kathy Clinton knew that she was ultimately responsible to see that her son, Tristan, who has autism, had the best opportunity to learn.

Tremendous success was achieved in teaching Tristan academics, language, self-help,

communication and social skills. Because of the success of Tristan's program, Hidden Potentials was created and now offers in home services for individuals with special needs.

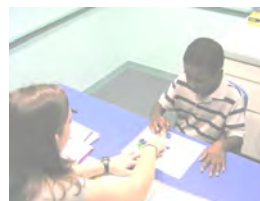

Tristan is now 20 and lives in Titusville.

Tutoring

Tutoring services are for **general education children (K-12th grade)** either in home or center based in Melbourne. Academics (all subjects), FCAT prep and organizational skills are taught.

Specialized sessions are offered for **children with special needs** in academics, self-help, language, social & positive behavior skills. Children with autism, cerebral palsy, aspergers, ADHD, learning disabilities, central auditory processing, etc. all benefit from our one-on-one services.

State Certified teachers and degreed professionals work with the students using research-based materials and engaging, hands-on activities so that learning is fun and success is achieved!

Caregiving

Caregiving is offered for individuals through the **Medicaid Waiver Program** (respite, in-home supports, companion and personal care).

Non-medical caregiving is offered for elderly clients to take them to medical appointments, help with meal preparation, companionship and errands. Homemaker & Companion Services Reg #229863 (AHCA)

Summer Camps

Recreational & academic camps offered. Visit our website for details!

Parent Recommended

Chelsi Woods

"We have had Chelsi tutored since third grade with different tutor resources. By far, we have seen the most progress with Hidden Potentials. We would definitely recommend Hidden Potentials to other parents."

- Dale Woods
