TITUSVILLE TRAINING & INNOVATION CENTER

By The Minority Chamber of Commerce, Inc.

***"THE NATIONAL ENTREPRENEURS AND STARTUPS, FOR AN
INNOVATIVE, SUSTAINABLE AMERICAN ECONOMY"***

OVERVIEW

Our goal: The Minority Chamber of Commerce (MCC) is looking to ignite the business ownership dreams for one thousand Entrepreneurs in one year resulting in the creation of ten thousand new jobs for America.

The MCC Training & Innovation Center in Titusville, Florida, will further the tradition of American Entrepreneurship by providing a clear path for innovating entrepreneurs to receive the necessary training in order to realize their dreams of personal freedom as a business owner.

Our mission: The MCC seeks to be an entrepreneurship hub for international businesses around the world and transform the Cities we operate in into a destination for talent, innovation, and investment.

The MCC seeks to propel transformative economic initiatives to empower disadvantaged groups in America. A community of collaborating, talented resourced entrepreneurs has the power to transform our Nation and propel the new American dream of economic sustainability into a bright future.

Our Commitment: The MCC seeks support from the Venture Capitalists, White House, Silicon Valley Corporations & EB 5 Visa investors and talented individuals looking to start a business and pursuing a dream of economic prosperity and for a free market America.

How to accomplish: In coordinated effort with large corporations, investors and U.S Government. The MCC seeks to nurture a young innovators and established entrepreneurs in order to reinvigorate our economy and continue impressing America's value as a symbol of economic freedom throughout the world.

About The Titusville Training & Innovation Center: The MCC will assist any entrepreneur in starting a business. From legalization to commercialization, the MCC is a business incubator dedicated to helping technology, exporters, importers, energy innovation and other start-ups seeking opportunity in the economy of the future. The MCC is a magnet for international and national talent inspired to realize their business ownership aspirations in the United States.

The MCC will focus on national and international businesses strengths: logistics, transportation, hospitality, light manufacturing, clean & renovated energy and emerging technologies, healthcare and bioscience, as well as the information and software technology enabling the operation of those sectors.

The MCC will provide a person-to-person, top-notch support services to the entrepreneurial and small business sectors focusing resources on high-performing companies with the potential to be an economic leader in their industry within the United States. In conjunction with The MCC members, donors, investors and U.S. government support we provide all entrepreneurs access to necessary tools in order to realize an idea and invention to market.

About The Minority Chamber of Commerce: The MCC is the lead, disadvantaged minority, economic development agency in the United States. The MCC is a private, non-profit, membership-driven organization comprised of 1,200 active business enterprises, educational institutions and individuals local, national and international.

Our History: Serving the minority business community since 2000 through our cooperation with partner in the public and the private sector. Minority Chamber of Commerce is promoting opportunities to increase mutual prosperity toward a goal of inclusive and sustainable economic growth.

The Chamber is sharing expertise, such as in government procurement, public-private partnerships, corporate social responsibility, telecommunications and information and communications technology, and is fostering local skills development, entrepreneurship and private-sector development.

Numerous trade missions, conferences and other exchanges throughout the past 15 years allowed for the establishment of partnerships and development of real business opportunities and new avenues for our members.
