

BREVARD COUNTY DISTRICT 1 NEWSLETTER

May 2022

HURRICANE SEASON

Hurricane season is fast approaching. While we cannot prevent a hurricane from reaching our coast, we can prepare for one's landfall long before its arrival. By following a few simple tips, we can all have a safer season.

- Trim trees and call waste management for pick up long in advance
- Create a plan
- Secure your home
- Build a kit

DISTRICT ONE OFFICE

Our District One office is happy to have three new staff members on board. Please help us welcome Melinda Burdette, Suzette Maners, and Cecilia Quist.

IT'S A GREAT DAY IN DISTRICT ONE

Wonderful things are happening here in District One, and we are quickly approaching the summer season. Mask mandates have been lifted, please do what makes you comfortable moving forward. We are beginning to get back to business as usual, and it is exciting to see all the ways our community is continuing to grow and improve as we move into May!

District One Growth

There are several exciting changes on the horizon for our community. Beginning soon, we should see phase one of the multi-phase development plan of the old Searstown Mall, which looks to feature a collection of residential spaces, retail sites, and more.

Restaurants

We are anticipating Culver's coming soon on Cheney Highway in Titusville. The restaurant features classics like burgers and chicken tenders as well as fresh salads and seafood... *frozen custard*. 😊

Tourism

District One is pleased to welcome a few new hotels. The Hyatt and Marriott hotels are both in prime location for visitors to view launches and visit Kennedy Space Center. It is an ideal spot for travelers to stay while visiting our slice of paradise here on the Space Coast!

Air Show!

Space Coast Regional Airport has a fun and thrilling weekend planned that promises to be a good time for the whole family! May 20th to 22nd you will see activity in the sky over District One as planes and pilots from all over gather to show off their amazing skills in the air. Tickets are available for an up-close viewing and on-the-ground experiences.

Summer Space

Launches have become a regular event again here on the Space Coast. We should see a manned launch to the moon, hopefully in June.

SOON WE WILL FOLLOW UP WITH A MORE DETAILED OUTLOOK FOR NORTH BREVARD, BUT AS ALWAYS...

IT'S A GREAT DAY IN BREVARD COUNTY

In Your Service,
Rita Pritchett, District One Commissioner
and Staff
