

Friends of Family Promise of Brevard,

This past month, Brevard County Public School District indicated that over 2,000 students have already been coded as homeless during this school year. The need for emergency shelter and comprehensive support services to move families into housing is critical. You know Family Promise of Brevard is a solution, but how can you help?

Box City is now EMERALD CITY 5K, because ***there is truly no place like home!*** PARTICIPATE by walking or running, create a fundraising team, or come out from 6-10 pm and enjoy the festivities for FREE; PARTNER with us through a corporate or congregational sponsorship; and finally, PROMOTE our event by sharing this email with your contacts.

Can't make it? Consider clicking on the DONATE button below and making a tax-deductible donation. Type "There's No Place Like Home" in the message box to show your support. All donations will go directly to fund services that assist homeless and low-income families in obtaining and maintaining stable housing.

Please feel free to reach out to me directly for any questions or assistance. I am looking forward to seeing you there!

Tara.

Tara Pagliarini, MSW
